PROFESSIONAL SUMMARY

Pursuing MBA Marketing with 2+ years of experience across digital marketing, content strategy, social media, campaign planning, market research, and marketing analytics. Experienced in developing multi-channel content and campaigns, conducting competitive research, and using tools including Google Analytics, Google Search Console, SEMrush, Canva, and Wix.

EXPERIENCE

Marketing Intern, Jagroots Brand Solutions (Pune) Jun 2026 – Jul 2026

- Conducted market research and competitive analysis including pricing, distribution channels, packaging, for a client's brand launch, directly informing go-to-market strategy.
- Built the content and go-to-market foundation for an in-house, beta-stage location-based social networking app — developed content direction and reel scripts, with a 3-reel launch campaign (intro reel, app-live reel) driving 2x the views of prior content, plus an offline outreach plan targeting Pune campuses and venues.
- Managed content planning across multiple client accounts in parallel, a 15-post LinkedIn content plan for an interior design brand, a 12-post plan for another B2B client, and brochure development for a nutraceuticals brand, translating each brand's positioning into deliverables independently.
- Shaped the website's structure and content flow (AI-assisted planning with Claude) and built its content architecture and blog topic bank from scratch, applying SEO and GEO practices to drive 3x traffic post-relaunch, tracked via SEMrush.

Freelance Marketing & Content Associate (Remote) Nov 2025 – Apr 2026

- Created 30+ long-form blogs (2,500–3,000 words) for a B2B technology and education brand, applying SEO content writing, keyword research, and AI-assisted content workflows, with publishing through Wix.
- Created 60+ social media posts using content calendars, platform-specific copywriting, hooks, CTAs, and social storytelling across multiple channels.
- Developed complex SaaS and enterprise narratives using product positioning, value propositions, messaging frameworks, buyer personas, and benefit-led copywriting.
- Published and optimized website content through Wix SEO tools, applying search intent, SERP analysis, keyword difficulty, and search-volume insights.

Content Writer – Marketing, Cogent Infotech (Remote) Dec 2024 – Jul 2025

- Researched and developed **SEO-driven blogs, e-books, newsletters, infographics, and social content** for B2B audiences across AI, cybersecurity, upskilling, and digital transformation.
- Increased **Cogent University's weekly active users by 400%** through **email marketing** (newsletter copy, subject lines, and CTAs), campaign execution, and **content-led funnel optimisation** aligned to engagement KPIs.
- Conceptualised and executed **multi-channel campaigns** for Women's Day, Black History Month, and Mental Health Month, using **audience segmentation** to adapt messaging across campaigns.
- Led **meme marketing, polls, and Gen-Z initiatives** such as Career Rizz 101, leveraging **Google Analytics and content performance data** to evaluate engagement and refine content themes.

Social Media Strategist, AISECT India (Bhopal) May 2024 – Nov 2024

- Executed 7 social media campaigns for Instagram, supporting campaign strategy and content calendars to drive consistent audience engagement.
- Wrote platform-specific captions and campaign copy for Instagram and Facebook, aligning messaging with campaign objectives and audience interests.
- Designed rough creative concepts in Canva and coordinated with the design team to translate campaign ideas into final social media creatives.
- Monitored social media growth and performance, contributing to **400+ Instagram follower growth** during the engagement.

Marketing Intern, Value Founders (Indore) Oct 2023 – Nov 2023

- Conducted primary research for Smile Train by collecting patient responses through KoboToolbox to understand post-surgery experiences and outcomes.
- Mapped 10–12 smaller towns to larger regional hubs using Excel to support field-data collection and streamline geographic coverage.
- Assisted in developing an SOP for Swastik Transport, documenting and restructuring operational processes to support process standardization.

- Supported research and documentation activities across client projects, translating field-level findings into structured datasets and process inputs.

Community Management & Digital Marketing Intern, iQuanta

Apr 2023 – May 2024

- Managed engagement for a **378K+ member Facebook community**, using **community marketing** and interactive content to strengthen audience participation.
- Developed **audience-centric social media content** for MBA aspirants, leveraging **market research and audience analysis** to align messaging with community needs.
- Led a team of **5 interns**, coordinating task execution, deliverables, and quality across community management activities.
- Resolved **18,000+ user queries** and engaged prospective users through **consultative conversations**, achieving a **78% conversion rate**.
